

STATE OF WASHINGTON
OFFICE OF FINANCIAL MANAGEMENT

COMMERCIAL PURPOSE DECLARATION

Washington State courts have recently ruled that in responding to a public records request that includes a list of names, an agency must investigate if that list might be used for commercial purposes in order to comply with the obligations of RCW 42.56.070(8). In order to ensure compliance with this obligation please provide the following information:

1. Are you requesting this information on your own personal behalf, an organization or a business?
(Please specify which one applies.)
2. What is your purpose in making this request?
3. Do you intend to generate revenue or financial benefit directly from the list?
4. Do you intent to solicit money or financial support from any of the individuals identified in the list?
5. Do you intend to make individuals on the list aware of business or commercial entities in their area?
6. Do you intent to supply or sell the information to any business, third party individual, or any other entity?

I certify under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct, and that any list of individuals I will receive pursuant to my records request to the Office of Financial Management will not be used for any commercial purpose in violation of RCW 42.56.070(8).

DATED this _____ of _____, 2019.
